

**Premier
Packaging**

About us:

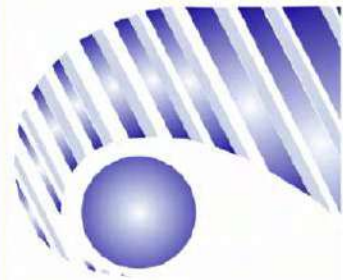

Premier Packaging was established in February 1987, with the objective of supplying a packaging service to customers who, were either too small for the major suppliers, or were not prepared to put up with the delivery lead times.

It was our opinion that the client, big or small, should be able to purchase his goods, no matter what quantity and receive equal fast service.

With this objective in mind we established a service whereby the customer can order whatever quantity he wants from our wide range of stock items and receive them within 48 hours.

Should a client require printed bottles or cartons this can be accommodated. Premier Packaging (Pty)Ltd are packaging consultants and distributors.

The Premier Packaging 2 000m² warehouse is situated in Jet Park.
